

The Governor of Colorado, Jared Polis, issued an Executive Order that prohibits us from providing any dental treatment that is not necessary to sustain life. In addition, we have been asked to inventory our personal protective equipment (such as masks, gloves, and gowns) and prepare to send them to the State of Colorado for the COVID-19 response. The Governor's order remains in effect until April 15, 2020.

We have reached out to change all appointments that are scheduled between now and April 14, 2020. Thank you for your understanding and patience as we change appointments and navigate through this uncertain time.

If you have an urgent dental need during this mandated closure, please contact Dr. Allen at (970) 217-8677 so that he can help you address the problem. He will not be able to provide any dental care, but he would love to discuss the problem and help you find answers that do not require treatment.

We are deeply concerned about the safety of our patients and our dental team and we plan on reopening the dental practice as soon as we are able to safely do so.

Please do not hesitate to contact us if you have any questions or concerns. We can be reached at **970-221-3700**. You can also email us at office@caringsmilesdental.com. We will be checking messages remotely and appreciate your patience if we are not able to respond immediately.

We hope that you and your loved ones remain healthy and safe as this pandemic runs its course. We look forward to providing world-class dental care once it is safe to do so!

Sincerely,

Kenneth B. Allen, DDS, FAGD
Caring Smiles
